

Samuel C. Procter

| | | |
|---------------------|---|---|
| CONTACT INFORMATION | Software Engineering Institute 4500 Fifth Avenue Pittsburgh, PA 15213, USA | <i>www:</i> samprocter.com <i>e-mail:</i> sprocter@sei.cmu.edu |
| RESEARCH INTERESTS | Software Architecture, System Safety, System Security, Tool Supported Software Engineering, Software Verification, Critical Systems. | |
| EDUCATION | Kansas State University , Manhattan, Kansas USA | August 2016 |
| | Ph.D., Computer Science | |
| | Kansas State University , Manhattan, Kansas USA | December 2011 |
| | M.S., Computer Science | |
| | University of Nebraska , Lincoln, Nebraska USA | May 2009 |
| | B.S., Computer Science, Raikes School of Computer Science and Management | |
| CURRENT | Software Engineering Institute, Carnegie Mellon University , Pittsburgh, Pennsylvania USA | |
| | <i>Initiative Lead, Model-Based Engineering</i> | September 2019 - Present |
| | Manage a team of nine researchers and engineers to develop, refine, and apply analytical architecture-centric model-based engineering practices. | |
| | <i>Senior Architecture Researcher</i> | October 2018 - Present |
| | <i>Architecture Researcher</i> | August 2016 - October 2018 |
| | Develop theory, tooling, and processes for architecture-centric software engineering as both principal investigator and team member. | |
| ACADEMIC EXPERIENCE | Kansas State University , Manhattan, Kansas USA | |
| | <i>Graduate Research Assistant</i> | January 2012 - August 2016 |
| | <i>National Science Foundation / US Food and Drug Administration Scholar-In-Residence</i> | |
| | Developing the MDCF Architect, an integrated development environment for application development for K-State's Medical Device Coordination Framework (MDCF). Doctoral level coursework and research projects. | |
| | <i>Lecturer</i> | October 2015 |
| | <i>Size: 54 Students</i> | Instructor Rating: 4.3 / 5 |
| | Taught five-week functional module in Kansas State's programming paradigms course. Updated existing slides, delivered lectures, developed labs, updated homework, created exam, held office hours, and assisted with course management. | |
| | <i>Graduate Research Assistant</i> | August 2009 - December 2011 |
| | Developed Kinerja, a model checker for workflows encoded in YAWL. Masters level coursework and research projects. | |
| | <i>Undergraduate Research Assistant</i> | May 2007 - August 2009 |
| | Developed Medical Device Coordination Framework and conducted performance tests on Beocat, a high-performance computing cluster. Worked with $\Sigma\phi\iota\alpha$, externally-developed regression test selection software. | |
| | University of Nebraska , Lincoln, Nebraska USA | |

Teaching Assistant

August 2007 - December 2007

Held office hours, graded assignments, assisted with course management.

HONORS AND
AWARDS

- Software Engineering Institute: Director's Office Award for Excellence 2020
- Kansas State University: University Distinguished Professors Graduate Student Award 2015
- Kansas State University: Phi Kappa Phi 2010
- Jeffrey S. Raikes School of Computer Science and Management 2005-2009
- University of Nebraska: Dean's List 2005-2008
- National Speech and Debate Association: All American 2005
- Boy Scouts of America: Eagle Scout 2004

PUBLICATIONS

1. Sam Procter. "The OSATE Slicer: Graph-Based Reachability for Architectural Models" 19th European Conference on Modelling Foundations and Applications (ECMFA 2023), July 2023. To Appear.

ICSE-Companion 2009. 31st International Conference on Software Engineering, May 2009, pp. 141 - 151.

PRESENTATIONS

Conference Presentations

1. Sam Procter. "The OSATE Slicer: Graph-Based Reachability for Architectural Models" 19th European Conference on Modelling Foundations and Applications (ECMFA 2023), Leicester, United Kingdom, July 2023. To Appear.
2. Sam Procter, Lutz Wrage. "Guided Architecture Trade Space Exploration: Fusing Model Based Engineering and Design by Shopping." ACM/IEEE 22nd International Conference on Model Driven Engineering Languages and Systems (MODELS 2019), Munich, Germany, September 2019.
3. Sam Procter, Eugene Vasserman, John Hatcliff. "SAFE and Secure: Deeply Integrating Security in a New Hazard Analysis" Fourth International Workshop on Software Assurance (SAW 2017), Reggio Calabria, Italy, September 2017.
4. Sam Procter, John Hatcliff, Anura Fernando, Sandy Weininger. "Error Type Refinement for Assurance of Families of Platform-Based Systems" Third International Workshop on Assurance Cases for Software-Intensive Systems (ASSURE 2015), Delft, The Netherlands, September 2015.

5. Sam Procter, John Hatcliff, Anura Fernando, Kim Fowler, Sandy Weinenger. “Applying STPA-based Hazard Analysis to support Hazard-Based Safety Engineering for Systems Using Medical Application Platforms” IEEE Symposium on Product Compliance Engineering (ISPCE 2015), Chicago Illinois, May 2015.
6. Sam Procter, John Hatcliff, Anura Fernando, Sandy Weininger. “Using STPA to support Risk Management for Interoperable Medical Systems” Fourth STAMP Workshop (STPA 2015), Cambridge Massachusetts, March 2015.
7. Sam Procter, John Hatcliff, Robby. “Towards Assurance of a Patient-Specific Network of Medical Devices.” Software Certification Consortium (SCC 2015), Rockville Maryland, January 2015.
8. Sam Procter, John Hatcliff. “An Architecturally-Integrated, Systems-Based Hazard Analysis for Medical Applications.” International Conference on Formal Methods and Models for System Design (MEMOCODE 2014), Lausanne Switzerland, October 2014.
9. Sam Procter, John Hatcliff, Robby. “Towards an AADL-Based Definition of App Architecture for MAPs.” International Workshop on Software Engineering in Healthcare (SEHC 2014), Washington DC, July 2014

Invited Presentations

1. Sam Procter. “Is design diversity essential/effective/practical for critical systems?” Software Certification Consortium, Annapolis Maryland, May 2023. To Appear.
2. Sam Procter, Jérôme Hugues. “Architecture-Supported Audit Processor: Interactive, Query-Driven Assurance.” 1st International Workshop on Multi-concern Assurance Practices in Software Design (MAPSOD 2021), Virtual, September 2021.
3. Sam Procter. “Architecture-level Security concerns in a safety-critical system.” High Integrity Language Technology Workshop (HILT 2018), Boston Massachusetts, November 2018.

Panel Presentations

1. Sam Procter, Others. “Is a safety first cyber security approach feasible and will it be effective?” Software Certification Consortium, Annapolis Maryland, May 2023. To Appear.
2. SuZ Miller, Sholom Cohen, Jérôme Hugues, Sam Procter. “Collaboration Conversation on Scalable Assurance of Safety-Critical Systems.” Software Engineering Institute Research Review. Virtual, November 2021.
3. Stephen Chong, Ina Schaefer, Tobias Runge, Lucas Wagner, Sam Procter, Tucker Taft. “Panel on Language-based Security.” High Integrity Language Technology Workshop (HILT 2018), Boston Massachusetts, November 2018.
4. Jerome Hugues, Sam Procter, Ramesh S, Kim Wasson. “Goal/Claim (De)Composition is Well-Addressed in the Current Safety Assurance Case Practice.” Software Certification Consortium, Annapolis Maryland, May 2018.
5. Jeff Boleng, Sam Procter, Nathan VanHoudnos, Lena Pons, Robert Schiela. “Three Software Innovations that DoD Needs Now.” SEI Webinar, March 2018.

SERVICE

Program Committee

- International Workshop on Multi-concern Assurance Practices in Software Design (MAPSOD) 2021-2022
- International Conference on Ambient Systems, Networks, and Technologies (ANT) 2019-2021

Reviewer

- Journal of Systems Architecture

- IEEE Transactions on Dependable and Secure Computing
- Journal of Software: Evolution and Process
- Software and Systems Modeling
- Journal of Systems and Software
- ACM Transactions on Embedded Computing Systems
- Privacy Enhancing Technologies Symposium

Kansas State University, Manhattan, Kansas

Engineering Graduate Student Advisory Council **August 2013 - May 2016**
 Member of council responsible for improving quality of life for current and prospective engineering graduate students through professional development, social activities, and interactions with departmental and university administrators.

Association for Computing Machinery **September 2014**
 Presenter. Introduced undergraduates to source control with git.

Undergraduate Poster Forum **April 2014**
 Volunteer judge. Provided feedback to undergraduates in engineering who were presenting their research.

High School Programming Contest **October 2010**
 Volunteer. Answered questions as necessary.

**PROFESSIONAL
DEVELOPMENT**

Software Engineering Institute Leadership Development Program **2021**
 Worked with peers, leadership faculty from Carnegie Mellon University, and professional leadership coaches from the Maue Center. Custom, roughly half-year program for leaders at the Software Engineering Institute, Carnegie Mellon University, and Federally-Funded Research and Development Center environments. Focused on self-assessment and awareness, identifying leadership strengths, overcoming derailment factors, and action planning.

Graduate Engineering Leadership Program **Spring 2015**
 Worked with peers and professional leadership coaches from the Staley School of Leadership Studies and the Kansas Leadership Center. Custom, semester-long program created specifically for graduate students in engineering to move beyond technical expertise, focusing on learning and applying adaptive leadership competencies to student and professional life.

AFFILIATIONS

Association for Computing Machinery **2015 - Present**
 Member

Institute of Electrical and Electronics Engineers **2015 - Present**
 Senior Member 2022
 Member 2015

SAE International **2016 - Present**
 Member

**PROFESSIONAL
EXPERIENCE**

Kansas State University Housing and Dining, Manhattan, Kansas USA

Web Developer

May 2006 - August 2006

Developed several database-driven web applications with dynamic, responsive front-ends. Technologies used: HTML, CSS, JavaScript, PHP, MySQL

- TECHNICAL SKILLS
- Hazard Analyses: STAMP / STPA, FMEA, FTA
 - System Design: Software Architecture Design and Documentation (e.g., Module, and Component-and-Connector styles)

- COMPUTER SKILLS
- Languages
 - Fluent: Java, AADL, Python, Markdown, StringTemplates
 - Proficient: ReST, SML, PHP
 - Prior Experience: C++, CSS, JavaScript, Haskell
 - Applications
 - Fluent: OSATE, Eclipse, Sphinx, Pygments
 - Proficient: git, Jenkins, L^AT_EX, YAWL, JUnit, Maven, Java Pathfinder, spreadsheet and presentation software
 - Prior Experience: ANTLR, UPPAAL, RT-Spin, OCL, Alloy, JML, JaCoCo, Dot/Graphviz, Coq, Photoshop
 - Operating Systems
 - Proficient: GNU+Linux, Windows, Mac OS X, Android
